Perspective Plan (2022-2027)

During the forty years of its consistent endeavor to impart quality holistic education to rural youths from marginalized sections in the Bishanpur district of Manipur state, the college has made tremendous contributions in providing opportunities to youths to fulfill their aspirations and dreams of quality life through acquiring new skills. Being a higher education institution, it is very necessary to understand that we have to have strategic plan to address the long term planning for sustaining growth of the institution.

The Perspective Plan (2022-2027) is designed to address three core issues in the time to come:

- To effectively address the requirements due to increase in student's enrollment
- To augment the infrastructure facilities for introducing new programs and courses to cover wider scope to students
- To sustain holistic development by improving upon the existing ecosystem for giving opportunities to students to use their latent potential in honing and applying skills for innovation

The Perspective Plan shall address the strategic issues related to quality circles across the seven criteria of NAAC assessment and accreditation to improve upon key indicators and our core mission of making higher education skill-based and result oriented is fulfilled timely.
